GAMING NEWS FOR YOU :

Mr. Valenzuela: *Senior Youth Leader*

Twin Brothers Alec & Preston Reunited Again

At the beginning of the season long time teammates and forever brothers Alec and Preston Sanderson were finally apart after playing professionally for all their careers. One was offered a starting spot for the Chicago Huntsmen the other a starting spot for the Florida Mutineers.

Chicago a power star team with a lot of high expectations started off hot, as the Florida Mutineers were having a few bumps down the road. Now a few months later The Huntsmen are now struggling finding it hard to make it to finals every upcoming event, while Preston has taken some time off be-

cause of mental health issues.

Now about half a month has passed and Alec has been very vocal that he regrets not teaming up with his twin brother and that he wishes he would play with him. Now yesterday's news The Huntsmen bought out Preston's contract and he is the new starter for them.

MUSIC REVIEW/JOURNALISTS

Mr. Ramirez: *Athletic Instructor*

A lot of music dropped last week, Some of the most steamed over the weekend was Tripie's new song "excited", I was waiting for this to be released but it was a let down. I think the snippet was better. Also, I got around to finishing drake's album and it grew on me. These artists are going to do numbers regardless of what they release. i still really enjoyed the new music it was refreshing, new and something different. The good thing about our reviews is that we can be completely honest without receiving any backlash for not liking a certain song or artist, so feel free to give some constructive criticism. I personally listened to some of the new music being released and enjoyed some of it.
